## **INSTRUCTIONS FOR NATIONAL MMA IDENTIFICATION CARD APPLICATION**

It is very important that the information supplied by the applicant on the “National Identification Card Application Form” be verified by supporting documentation. These are the only accepted forms of identification for application, with the only exception being any other forms of identifying documentation accepted by your commission. You must physically see the approved type of documentation.

1) The Association of Boxing Commissions (ABC) requires that every mixed martial arts (MMA) contestant must be registered with the Nationally recognized MMA registry (Mixed Martial Arts, LLC), in order to participate in any mixed martial arts matches any where in the United States and Canada. MMA contestants must register with the commission in the contestant’s home state or province. In the case of a contestant who resides in a foreign country, state or province in which there is no commission, any state, province or tribal commission in good standing with the ABC may issue a national identification card. When issuing a card, it is suggested that any two of the listed forms of identification are acceptable; a valid photo drivers license, social security card, birth certificate, voters registration card, U.S. Military identification card, or Native American Tribal Document. Other forms will include U.S. Passport, certificate of U.S. citizenship (INS Form N-560 or N-561) certificate of naturalization (INS Form N-550 or N-570), alien registration receipt card with photo (INS Form I-151 or I-551), un-expired reentry permit (INS Form I-327).

2) Once you have the applicant fill out the application form, obtained two (2) color passport photos (no hats or glasses), one for the identification card and the other to be transmitted with the application form to the National Registry to be included with that persons permanent record. The identification card will be completed with the information supplied on the application form, embossed with the Athletic Commission seal, laminated and returned to the applicant in person or by registered U.S. mail.

3) Every mixed martial arts contestant, both amateurs and professionals must present his national identification card to the appropriate boxing commission no later than the scheduled start time of the weigh-ins for a scheduled bout.

4) All national identification cards expire on 31 December of the 5th year irregardless of the issue date of the first year (example; issued 4-26-2008, expires 31 December 2013).

5) No one has permission to alter or modify the application form under any circumstances. Application forms will not be accepted from contestants, promoters, matchmakers, seconds, managers, or any other person or persons not employed by an ABC member commission in good standing. Application forms will not be accepted and identification numbers will not be issued to any outside person or entity making application direct to the National MMA Registry. **Application forms will only be accepted by the National MMA Registry for processing from ABC member commissions in good standing.**
